Built for Outdoor Adventures.

The Alinghi crew takes the new multi-hull out for a training session. Adventurer Mike Horn leads a group of young explorers studying the effects of global warming on New Zealand’s ecosystem. Swiss climber Ueli Steck sums up Walker Pointe, the highest point in the Grand Jorasses, in a record 2 hours and 21 minutes. Nine adventure racing teams set out on the Wenger Patagonian Expedition Race. Finishing it is a victory in itself.

In the Wenger ambassadors, we see the same qualities that drive the development of our Swiss Army knives: Dedication, experience, the need to be prepared for anything, and a deep respect for the outdoors.

Mike Horn Ranger

With recyclable handles and essential tools like an emergency blade, the Mike Horn Knife is built to perform in unforgiving environments.

Mike Horn supports explorer and environmentalist Mike Horn and his 3-year Pangaea Expedition.

Alinghi Yachtsman

Wenger and Team Alinghi have again collaborated to create the next generation yachtsman’s tool with rubberized handles and a built-in screwdriver bit adapter.

50 mm screw bits: Phillips (PH3) / Flat (6x45mm), for 1/4” hex bit holder

1. Shackle opener 2. Martin spike 3. 4 Ruler cm, inch 5. Needle

EXCL
Wenger Swiss Army knives were used at the grueling 2009 Wenger Patagonian Expedition Race.

*RangerGrip*

The handle increases safety, performance, and efficiency by embedding special non-slip rubber right where you need it most.
